Organizations & Ways to Support

Volunteer with Organizations like **March of Dimes** & **Every Mother Counts**

Advocate for Change by calling for **policies** that promote the health of all moms and babies.

The U.S. Maternal Health Care Crisis

Maternal Health Care Deserts are areas that lack essential birthing clinics, OB/GYN, and midwife care within an accessible radius, resulting in **infant** and **maternal mortality**.

Republican-Leaning + Pro-Life States

show **paradoxical challenges** in providing **maternity healthcare infrastructure** that is necessary to support mothers through their pregnancy journey.

Addressing **Maternity Care Deserts** is crucial to truly protect the lives of mothers and infants, exposing the contradictions in "pro-life" rhetoric.

Join us in the **mission** to improve the health of all moms and babies. With support, we can **end preventable maternal health risks** and **death**, **eliminate preventable preterm birth**, and **close the health equity gap** for every family.

The U.S. faces an urgent maternal and infant health crisis that must be solved.
